

# Canine Basic Nutrients

Multi-vitamin / mineral complex for all phases of a dog's life

---

**Canine Basic Nutrients offers a complete formula of essential and highly absorbable vitamins and minerals.**

## Meeting canine needs

Canine Basic Nutrients is recommended for all phases of a dog's life. It provides a broad range of nutrients, in a palatable form, to meet canine needs. With the deficiencies of modern processed food and the escalating pollution of our food, water, and environment, it is difficult to know whether dogs are getting all the basic nutrients needed for optimal health. By providing dogs with a comprehensive multi-vitamin/mineral formula early in life, or before they become ill, you can enhance the quality and length of their lives.

The macrominerals (calcium and magnesium) are provided as well absorbed and highly concentrated malate chelates. The trace minerals (zinc, copper, iron, and chromium) are supplied as the highly bioavailable glycinate chelates. Vitamins B2, B6, B12, and folate are provided in their active, tissue-ready forms (riboflavin 5'-phosphate, pyridoxyl 5'-phosphate, methylcobalamin, and 5-methyltetrahydrofolate, respectively).

## Key Nutritional Support Features

- | Optimize canine health and vitality
- | Enhance quality of life
- | Vitamins and minerals in their most bioavailable forms

## Additional supplement support

Although Canine Basic Nutrients is a suitable nutritional support formula for dogs of all ages, you also might want to consider Canine Geriatric Basics for additional nutrient and botanical support for dogs that are older than six. Canine Basic Nutrients can be combined with other ThorneVET products that provide support for specific health concerns:

### Arthroplex®

Provides muscle and joint support

Helps cats and dogs maintain healthy joint mobility. It also relieves soreness and stiffness and supports healthy cartilage.

V944-P / 120 Scoops

### Gastriplex®

Enhances gastrointestinal health

Supports the health of the whole GI tract in dogs, cats, and horses who suffer from poor digestion from food intolerance, indiscreet eating, poor quality pet foods, antibiotics, and stress.

V946-P / 180 Scoops

### Bio-Cardio

Promotes cardiovascular health

Combines the antioxidant potential of CoQ10 with other cardio-protective nutrients and botanicals. Because Bio-Cardio promotes oxygen utilization it enhances the animal's physical stamina.

V940-P / 90 Scoops

### Hepagen®

Provides hepatic support

A unique liver-protective formula for dogs and cats featuring CurcuVET. Offers comprehensive liver support. It enhances glutathione levels, supports liver cells, and aids detoxification.

V961-P / 90 Scoops

### CurcuVET-SA150

Helps maintain a healthy inflammatory response

CurcuVET helps maintain a healthy balance of inflammatory chemicals (called cytokines) in the tissues and bloodstream. Therefore, it has a broad range of effects. In addition to promoting healthy joints and muscles, CurcuVET can provide benefits for other organs, including the GI tract, liver, kidneys, and eyes.

V939-P / 90 Scoops

### Immugen®

Supports a healthy immune system

Comprehensive immune support formula that contains nutrients, botanicals, and glandulars. It activates natural killer cells, thereby enhancing an animal's innate resistance to pathogens.

V943-P / 90 Scoops

CurcuVET® is a registered trademark of Indena S.p.A.

### Canine Basic Nutrients

Comprehensive nutritional support for dogs of all ages

.....

1 scoop per 25 pounds  
body weight daily

V960-P / 90 Scoops

GLUTEN FREE

PRODUCT FACTS			
<b>Active Ingredients per 2-cc scoop:</b>			
Calcium (DimaCal® DiCalcium Malate)†	50 mg	Inositol	1 mg
d-Alpha Tocopheryl (Vitamin E) (45 IU)	37.3 mg	Potassium (Tripotassium Citrate)	1 mg
Ascorbic Acid (Vitamin C)	25 mg	Beta-Carotene (1,000 IU)	601 mcg
Magnesium		Zinc (TRAACS® Zinc Bisglycinate Chelate)†††	500 mcg
(Albion® DiMagnesium Malate)††	25 mg	Vitamin A Palmitate (500 IU)	275 mcg
Riboflavin 5'-Phosphate (Vitamin B2)	10 mg	Iron (Ferrochel® Ferrous Bisglycinate Chelate)††††	250 mcg
Calcium Pantothenate (Vitamin B5)	10.9 mg	Chromium (as TRAACS® Chromium Nicotinate Glycinate Chelate)†††	20 mcg
Niacinamide	10 mg	Biotin	10 mcg
Thiamin (Thiamin HCl)	10 mg	Copper (TRAACS® Copper Bisglycinate Chelate)†††	10 mcg
Choline Citrate	5 mg		
Pyridoxal 5'-Phosphate (Vitamin B6)	5 mg		
		<b>Inactive ingredients:</b>	
		Flaxseed, silicon dioxide.	
		Folate (L-5-Methyltetrahydrofolate from L-5-Methyltetrahydrofolic Acid, Glucosamine Salt)	10 mcg
		Methylcobalamin (Vitamin B12)	10 mcg
		Selenium (L-Selenomethionine)	10 mcg
		Vitamin K1	5 mcg
		Vitamin D3 (75 IU)	1.9 mcg
